Retail on Ground to Second Floor

## thought behind the project

In many recent times the commercial scenario of Jaipur city has taken an upbeat turn. 'The Pink City' now stands parallel to all other upcoming cities in India and has become a favorable business destination. Jaipur's easy connectivity and concrete infrastructure is a major factor for raising this historical city also into business hub. Many business giants are already present here and many more are keen to establish their offices in Jaipur. We understand the dearth of first-rate commercial space in the city which can become center place for a promising business empire.

To meet this rising demand of a rising city, the landmark project 'Govind Business Tower' is initiated.

Offices on Third to Eight Floor

## floors of wonder

Every floor of Shree Govind Business Tower is a promising fulfilling all the requisites to take your business to heights. The six floors have been planned keeping in mind all the requirements of a modern commercial tower. The Ground & first two floors of Shree Govind Business Tower are dedicated to retail outlets and the rest of the six floors are perfectly designed for official purposes.

## about the project

Very well located and close to all, Shree Govind Business Tower is a commercial tower created for retailers and corporates alike. This complex is a fine piece of architecture coupled with the use of the most contemporary construction and building technology. Govind Business Tower is today's marvel that is bound to turn your dreams of owning prime commercial property to reality.

Govind Business Tower has been planned keeping in mind today's business requirements. May it be the use of state of the art materials or the entire plan of the tower itself, Shree Govind Business Tower is complete value for your investment.
